#### Small Boat Operations

- Conduct human transport of inflatable boats and outboard motor operations

#### Naval Special Warfare Operations

- Manage Direct Action (DA) operations
- Conduct Unconventional Warfare (UW) operations
- Conduct mounted movements

#### Security Management

- Manage security programs

#### Air Insertion and Extraction Operations

- Supervise free-fall parachute operations
- Supervise fast rope operations

#### Information Operations

- Supervise intelligence collections

#### Naval Special Warfare Operations

- Manage Foreign Internal Defense (FID) operations
- Manage Information Operations (IO)
- Manage joint and combined operations
- Manage Special Reconnaissance (SR) operations
- Supervise forced entry operations

#### Finance and Accounting

- Manage special operations Operating Target

Supervise employees.

**Air Insertion and Extraction Operations**

- Supervise drop zone operations
- Supervise static line parachute operations
- Supervise cargo and equipment insertion operations
- Supervise rappelling operations
- Supervise Special Purpose Insertion Extraction (SPIE) operations
- Supervise casts/recoveries of personnel and maritime equipment

**Diving Management**

- Supervise closed circuit Self-Contained Underwater Breathing Apparatus (SCUBA) dives (e.g. search, insertion, extraction, demolition, etc.)
- Supervise mixed gas Self-Contained Underwater Breathing Apparatus (SCUBA) dives (e.g. search, insertion, extraction, demolition, etc.)

**Naval Special Warfare Operations**

- Manage Dry Deck Shelter (DDS) operations
- Manage dismounted movements
- Manage mounted movements
- Supervise Naval Special Warfare (NSW) physical conditioning

**Ordnance and Weapons Handling and Operations**

- Supervise shoot houses

**Small Boat Operations**

- Supervise small boat operations

Supervise medical support personnel.

**Healthcare Management and Administration**

- Supervise sick call

**Handling and Moving Objects**

**Civilian Tasks**

Adjust equipment to ensure optimal performance.

Cut openings in existing structures.

**Navy Tasks**

**Personal Protective Equipment (PPE)**

- Perform parachute rigger operations

**Naval Special Warfare Operations**

- Employ exothermic breaching systems
- Employ manual breaching systems
- Employ mechanical breaching systems

Package materials or products.

#### **Personal Protective Equipment (PPE)**

- Pack parachutes

Position construction or extraction equipment.

#### **Air Insertion and Extraction Operations**

- Conduct cast/recovery of personnel and maritime equipment

Prepare explosives for detonation.

#### **Demolition Operations**

- Calculate standard explosive charges Minimum Safe Distances (MSD)

#### **Naval Special Warfare Operations**

- Prepare explosive breaching systems

#### **Ordnance and Weapons Handling and Operations**

- Construct standard explosive charges

Secure watercraft to docks, wharves or other vessels.

#### **Small Boat Operations**

- Recover small boats

Set up material handling gear or equipment, such as rigging, packaging, or temporary structures.

#### **Air Insertion and Extraction Operations**

- Conduct fast rope
- Conduct rappelling operations

### **Inspecting Equipment, Structures, or Material**

#### **Civilian Tasks**

Test mechanical systems to ensure proper functioning.

#### **Navy Tasks**

#### **Air Insertion and Extraction Operations**

- Test nonstandard mobility platforms

### **Interacting With Computers**

#### **Civilian Tasks**

Implement security measures for computer or information systems.

#### **Navy Tasks**

#### **Naval Special Warfare Operations**

- Employ Electronic Counter Measure (ECM) systems

### **Interpreting the Meaning of Information for Others**

#### **Civilian Tasks**

Communicate organizational information to customers or other stakeholders.

#### **Navy Tasks**

#### **Intelligence Briefs and Reports**

- Report intelligence information

## Judging the Qualities of Things, Services, or People

### Civilian Tasks

Evaluate new technologies or methods.

Evaluate program effectiveness.

Evaluate project designs to determine adequacy or feasibility.

Evaluate training programs, instructors, or materials.

### Making Decisions and Solving Problems

### Civilian Tasks

Apply new technologies to improve work processes.

Choose optimal transportation routes or speeds.

Determine operational procedures.

Determine resource needs.

### Navy Tasks

#### Naval Special Warfare Operations

- Research new forced entry Techniques, Tactics and Procedures (TTP)

#### Research and Development

- Research new technologies and equipment

#### Naval Special Warfare Operations

- Assess tactical operations for strategic effect
- Validate Naval Special Warfare (NSW) Tactics, Techniques, and Procedures (TTP)

#### Air Insertion and Extraction Operations

- Evaluate nonstandard mobility platforms

#### General Training

- Evaluate drills and exercises

### Navy Tasks

#### Naval Special Warfare Operations

- Integrate new forced entry Techniques, Tactics and Procedures (TTP)
- Integrate new technologies and equipment

#### Small Boat Operations

- Conceal small boats

#### Demolition Operations

- Handle improvised explosives to Utilize improvised explosives

#### Naval Special Warfare Operations

- Conduct forced entry operations (e.g. explosive, mechanical, etc.)

#### Logistics

- Provide special warfare resource requirement recommendations

## Monitor Processes, Materials, or Surroundings

### Civilian Tasks

Determine operational compliance with regulations or standards.

Maintain surveillance of individuals or establishments.

Monitor activities of individuals to ensure safety or compliance with rules.

Monitor loading processes to ensure they are performed

### Navy Tasks

#### Crew-Served Weapons and Small Arms

- Manage range operations

#### Demolition Operations

- Handle standard explosives

#### Intelligence Collections

- Manage intelligence programs
- Direct intelligence collections

#### Naval Special Warfare Operations

- Conduct Special Reconnaissance (SR) operations

#### Air Insertion and Extraction Operations

- Supervise aircraft cast and recovery operations
- Supervise aircraft insertion and extraction operations
- Supervise Helicopter Rope Suspension Training (HRST) operations

#### Arms, Ammunition, and Explosives

- Supervise indirect fire weapons

#### Crew-Served Weapons and Small Arms

- Supervise small arms and crew served weapons ranges
- Supervise employment of small arms and crew served weapons

#### Demolition Operations

- Supervise demolition range operations
- Supervise demolition operations

#### Diving Management

- Supervise open circuit Self-Contained Underwater Breathing Apparatus (SCUBA) dives (e.g. search, insertion, extraction, demolition, etc.)

#### Naval Special Warfare Operations

- Supervise Sea, Air, Land (SEAL) Delivery Vehicle (SDV) dives

#### Ordnance and Weapons Handling and Operations

- Supervise laser ranges

#### Naval Special Warfare Operations

properly.

- Configure Sea, Air, Land (SEAL) Delivery Vehicle (SDV) load plans
- Supervise Sea, Air, Land (SEAL) Delivery Vehicle (SDV) load plans

Monitor operational activities to ensure compliance with regulations or standard operating procedures.

#### **System Administration**

- Manage crypto/devices

Monitor operations to ensure compliance with safety or security policies or regulations.

#### **Arms, Ammunition, and Explosives**

- Supervise standoff weapons system operations

#### **Chemical, Biological, Radiological, and Nuclear Events (CBRNE) Prevention and Response**

- Supervise Chemical, Biological, Radiological, and Nuclear Explosive (CBRNE) affected personnel and equipment decontamination actions

Monitor surroundings to detect potential hazards.

#### **Naval Special Warfare Operations**

- Employ Visual Augmentation System (VAS) equipment

Patrol natural areas to ensure safety or enforce regulations.

#### **Naval Special Warfare Operations**

- Conduct dismounted movements

### **Monitoring and Controlling Resources**

#### **Civilian Tasks**

#### **Navy Tasks**

Acquire supplies or equipment.

#### **Naval Special Warfare Operations**

- Manage special operations acquisitions

Maintain inventories of materials, equipment, or products.

#### **Communications Systems Maintenance**

- Maintain crypto/devices

Manage inventories of products or organizational resources.

#### **Arms, Ammunition, and Explosives**

- Manage sensitive equipment inventories (e.g. Arms, Ammunition, and Explosives (AA&E), communications, intelligence, etc.)

### **Operating Vehicles, Mechanized Devices, or Equipment**

#### **Civilian Tasks**

#### **Navy Tasks**

Drive vehicles to transport individuals or equipment.

#### **Naval Special Warfare Operations**

- Navigate Sea, Air, Land (SEAL) Delivery Vehicle

Follow safety procedures for vehicle operation.

Operate ships or other watercraft.

Operate vehicles or material-moving equipment.

## Organizing, Planning, and Prioritizing Work

### Civilian Tasks

Plan flight operations.

Plan work operations.

Plan work procedures.

(SDV)

- Pilot Sea, Air, Land (SEAL) Delivery Vehicle (SDV)

### Naval Special Warfare Operations

- Conduct dry deck shelter mass swimmer lock outs/ins

### Naval Special Warfare Operations

- Manage Seal Air Land (SEAL) Delivery Vehicle (SDV) operations

### Small Boat Operations

- Employ small boats
- Launch small boats
- Employ small boat support equipment

### Air Insertion and Extraction Operations

- Employ vehicle platforms (e.g. standard, nonstandard, etc.)

### Crash and Salvage Operations

- Recover vehicles

### Naval Special Warfare Operations

- Supervise Sea, Air, Land (SEAL) Delivery Vehicle (SDV) towing operations
- Conduct Sea, Air, Land (SEAL) Delivery Vehicle (SDV) towing operations

### Navy Tasks

#### Air Insertion and Extraction Operations

- Conduct High Altitude High Opening (HAHO) military free falls
- Conduct High Altitude Low Opening (HALO) military free-falls

#### Aircraft Launch and Recovery Operations

- Coordinate aircraft support deconfliction

### Naval Special Warfare Operations

- Plan urban dismounted movements

### Diving Management

- Plan close circuit dives
- Plan open circuit dives

### Naval Special Warfare Operations

- Plan Naval Special Warfare (NSW) physical conditioning training

## Performing General Physical Activities

### Civilian Tasks

Decontaminate equipment or sites to remove hazardous or toxic substances.

Maintain security.

Move materials, equipment, or supplies.

Secure cargo.

Use weapons or physical force to maintain security.

### Navy Tasks

#### Chemical, Biological, Radiological, and Nuclear Events (CBRNE) Prevention and Response

- Decontaminate Chemical, Biological, Radiological, and Nuclear Explosive (CBRNE) affected personnel and equipment

#### Classified Material Control

- Destroy crypto

#### Ordnance and Weapons Handling and Operations

- Transport ordnance
- Handle Naval Special Warfare (NSW) pyrotechnics

#### Cargo Handling, Rigging, and Cranes

- Assist cargo and equipment preparations

#### Crew-Served Weapons and Small Arms

- Employ crew served weapons
- Employ small arms
- Perform advanced small arms techniques

#### Naval Special Warfare Operations

- Conduct Direct Action (DA) operations (e.g. combat enemy forces, degrade enemy infrastructure, etc.)

#### Ordnance and Weapons Handling and Operations

- Employ hand grenades
- Employ indirect fire weapons
- Employ standoff weapons systems

## Processing Information

### Civilian Tasks

Verify information or specifications.

### Navy Tasks

#### Charts and Plotting

- Validate special operation charts

## Repairing and Maintaining Mechanical Equipment

### Civilian Tasks

Maintain office equipment in proper operating condition.

Maintain vehicles in good working condition.

Maintain work equipment or machinery.

### Navy Tasks

#### Communications Systems Maintenance

- Maintain Information Technology (IT) communication systems

#### Aircraft System Maintenance

- Maintain Unmanned Aircraft System (UAS)

#### Arms and Ordnance Maintenance

- Maintain crew served weapons mounts and stands
- Maintain crew served weapons
- Maintain small arms
- Maintain explosive breaching systems
- Maintain indirect fire weapons
- Maintain standoff weapons systems

#### Auxiliary and Support Systems Maintenance

- Maintain personal tactical equipment
- Maintain air operations equipment
- Maintain diving equipment

#### Chemical, Biological, Radiological, and Nuclear Events (CBRNE) Prevention and Response

- Maintain Chemical, Biological, Radiological, and Nuclear Explosive (CBRNE) equipment

#### Communications Systems Maintenance

- Maintain High Frequency (HF) communication systems
- Maintain Satellite Communication (SATCOM) systems
- Maintain Ultra High Frequency (UHF) and Very High Frequency (VHF) communication systems

#### General Maintenance

- Maintain weapons systems

#### Naval Special Warfare Operations

- Maintain mounted equipment

#### Support Equipment Maintenance

- Maintain small boats
- Maintain small boat support equipment
- Maintain tactical support equipment
- Maintain ballistic breaching systems
- Maintain exothermic breaching systems
- Maintain manual breaching systems
- Maintain mechanical breaching systems

Perform basic equipment maintenance.

Repair electronic equipment.

Repair worn, damaged, or defective mechanical parts.

Service vehicles to maintain functionality.

### Resolving Conflicts and Negotiating with Others

#### Civilian Tasks

Resolve issues affecting transportation operations.

### Training and Teaching Others

#### Civilian Tasks

Conduct employee training programs.

Engage patients in exercises or activities.

Teach classes in area of specialization.

Train employees in proper work procedures.

#### Control Systems and Instrument Maintenance

- Maintain navigational systems

#### Communications Systems Maintenance

- Maintain communication systems

#### General Maintenance

- Maintain engineering systems

#### General Maintenance

- Maintain vehicle platforms

#### Navy Tasks

##### Naval Special Warfare Operations

- Clear obstacles and hazards

#### Navy Tasks

##### Crew-Served Weapons and Small Arms

- Conduct weapons training (e.g. small arms, crew served, etc.)

##### General Training

- Implement high risk training plans

##### Training Management

- Manage drills and exercises (e.g. range, dive, jump operation, etc.)

##### Medical Training

- Conduct strength training

##### Medical Training

- Conduct physical therapy/rehabilitation training

##### Crew-Served Weapons and Small Arms

- Conduct weapons qualifications (e.g. small arms, crew served, etc.)

Train staff members.

#### **Air Insertion and Extraction Operations**

- Conduct Helicopter Rope Suspension Training (HRST)

#### **General Training**

- Conduct combat simulation training
- Conduct endurance training
- Conduct nutrition training

#### **Naval Special Warfare Operations**

- Manage Naval Special Warfare (NSW) physical conditioning training

### **Updating and Using Relevant Knowledge**

#### **Civilian Tasks**

Maintain professional knowledge or certifications.

#### **Navy Tasks**

#### **Foreign Language Analysis and Translation**

- Maintain language proficiency

### **My Competencies: Skills**

These are typical skills you would have acquired during your military service as a result of your rating.

#### **Cross Functional Skills**

##### **Resource Management Skills**

- Management of Material Resources - E4
- Management of Personnel Resources - E4
